Please describe other therapies applicant is currently receiving

Days/times applicant is available to ride

To assist us in placing you, please complete the form in its entirety.

If an opening becomes available, you will be contacted for further information and, an onsite evaluation.

Joining our program:

To be considered for one of our riding sessions, prospective riders/their parent or legal guardian must complete this required Wait List Application and return it to Purple Pony at P O Box 48, Bergen, NY 14416. Staff members will assess the prospective rider for eligibility and, our current lesson openings to determine if there may be participation opportunity.

Admission into our program will depend upon certain logistical considerations, such as scheduling, instructor availability and, horse availability that are appropriate for the needs of the individual rider.

We will make every effort to accommodate as many riders as possible. Currently we have a wait list of eligible applicants for whom we do not have immediate openings. We will contact the rider as soon as the required conditions become available. At that time further gathering of information will be required and arrangements for an onsite evaluation will be scheduled.

Thank you for considering Purple Pony Therapeutic Horsemanship
